Written for virtuoso clarinetist Heinrich Baermann, Concertino would become the first work of an impressive oeuvre for clarinet, one which along with that of Mozart, Spohr, and Brahms constitutes the backbone of the repertoire. Internationally-recognized clarinetist Charles Neidich unites for the first time Weber's original text with the edition published by Baermann's son, which had formed the basis of most subsequent editions. Also presented are examples from Cyrille Rose's 1879 edition which was the foundation of the French tradition and which held much more closely to Weber's original. This new critical edition inspires those learning the piece to develop their own personal, yet informed interpretation of Weber's premiere clarinet masterpiece. ". . .a brief opening allegro, a slow movement that evolved from lyrical simplicity to portentous emotional gestures, and a finale that was an euberant and affectionate salute to Pre-Goodman Rag." Carl Nielsen's Koncert from Opus 57 is a work for clarinet and orchestra. This edition features a piano reduction of the original orchestral score with clarinet solo part. Originally composed in 1928, this edition is based on the revised score published by the Carl Nielsen Edition in 2002. Lindeman, a musicologist, traces and defines the historical development of the concerto form as it passed from Mozart to succeeding generations. He then assesses Beethoven's contributions, and examines the classical model of the form in the early 19th century by overviewing several early romantic composers' works. Subsequent chapters analyze and assess the responses of five precursors of Schumann, whose work offers a synthesis of radical experiments and traditional tenets. He concludes by suggesting that concertos of Liszt offer a road into further developments of the genre in the second half of the century.
