You don't have to be a twenty-three year old dancer with no savings to end up with the excruciating debts young Iris is confronted with in this latest work by financial and legal advisor Tad Crawford. Every year, thousands of Americans of all ages and backgrounds overtax their bank accounts and credit cards and are left with the tricky task of pulling themselves out of their financial chaos. Rarely can they receive such high-quality financial and moral support as the The Money Mentor provides—and certainly not in the guise of an entertaining, up-beat novel! As the author tells the story of the recovering debtor Iris, he walks his readers through all the stages of money management, from the painful assessment of assets and debts to increasing one's income and starting to save. Choosing a sympathetic "girl-from-next-door" as protagonist, The Money Mentor offers people in financial trouble what they lack most of all: the ability to look at themselves from a healthy distance and realize that there is a way out of their trouble. Life, as we know it, will end. It's not a thought that tends to occupy our minds when we are young and in full health and vigor. We take risks, some foolhardy. We live as though we were immortal. And then when we have our own children we are renewed*

and life is good. But we can't look in the mirror every day without noticing subtle signs of change. We can't lose a loved one without reflecting on the passage of time and being nagged by the question, "What is it in life that I have yet to accomplish?" Then it's not a giant leap from asking that question about ourselves to wanting to know "What happens when I die?" Brian Stiller, author of *When Life Hurts* took on the task of answering this challenging question. Where is the proof that anything is going to happen after death? Why not just live life for the day, because that may be all there is? *What Happens When I Die?* is a journey toward understanding the nature of life after death, one that leads ultimately to the Scriptures and the promise given by God. It is a promise rooted in faith and joy. It is a promise that has everything to do with what we make of our life here on earth. *What Happens When I Die?* is not just about death, but about living a fulfilled, loving and caring life. The choice is ultimately ours to seek and God's gift—or not. But the way had been prepared as this insightful and thought-provoking book affirms Would you like to: Make more money in your private practice? Attract more ideal clients? The last decades have seen a lively interest in Roman verse satire, and this collection of essays introduces the reader to the best of modern critical writing on Persius and Juvenal. The eight articles on Persius range from detailed analyses of his fine technique to readings inspired by theoretical approaches such as New Historicism, Reader-Response Criticism, and Dialogics. The nine selections on Juvenal focus upon the pivotal question in modern Juvenalian criticism: how serious is the poet when he voices his appallingly misogynist, homophobic, and xenophobic moralism? The contributors challenge the straightforward equivalence of author and speaker in a variety of ways, and they also point up the technical aspects of Juvenal's art. Three papers have been newly translated for this volume, and all Latin quotations are also given in English. A specially written Introduction provides a useful conspectus of recent scholarship. God is interested in our willingness to manage and administrate all that He has given to us. Nothing will be thrown into our laps. Financial prosperity is not an unconditional providential blessing; conditions are attached. We are to take action and be proactive. The abilities and giftings God provides motivate us to action. Sometimes it takes our persistence in doing the same things faithfully with the heart of a servant. Other times it is time to try new things, new methods, and seek new opportunities. Sometimes the steady plodding brings the success of the blessed life. Many people, deep in debt and lacking in self-discipline in their spending and contentment level, complain that their employers don't pay them enough, their taxes are much too high, their business costs have skyrocketed, or render some other excuse why they cannot plan for their financial future. Of course, some of these excuses may have a certain amount of legitimacy to them, but they don't excuse a person from the responsibility of making sure that they are not wasting any of the resources God has allowed to come through their hands. The problem is rarely a lack of money; it is a lack of money management. Money management simply means self-management. This book

will help the reader to re-align their financial attitude so that can begin to fulfill their potential financial altitude. At the center of this remarkable 1621 play is the story of Elizabeth Sawyer, the titular "Witch of Edmonton," a woman who had in fact been executed for the crime of witchcraft mere months before the play's first performance. Described by the authors as a tragi-comedy and drawn in part from a pamphlet account of the trial then circulating, the play not only offers a riveting account of the contemporary superstitions embodied by the figure of the witch, but also delivers an implicit critique of the society that has created her. This edition of the work offers a compelling and informative introduction, thorough annotation, and a selection of contextual materials that helps set the play in the context of the "witch-craze" of Jacobean England. As they do every year, Yosef Zinman, a well-to-do Tel Aviv grocer, and his beloved wife Zippi plan a vacation during the holiday of Sukkot to Seefeld in the mountainous Tirols region of Austria. This year, Zippi decides to invite her sister, who has fallen on hard times with a failing perfumery business. Soon, more and more relatives join in on the trip, and the expenses quickly begin to add up. To gather all the funds needed, the family goes into the business of inexpensive clothing and fashion shows for workers' unions. The summer promises handsome revenues, but as the Zinman family nears their goal, they become increasingly vexed by their competing interests. A tragic-comic novel in its essence, Petty Business chronicles a year in one family's life, set against the backdrop of Tel Aviv's rapidly changing global economy in the early 1990s. Pinkus's biting critique of Tel Aviv's provincial character and its residents' shtetl mentality is delivered with a perfect combination of wit, humor, and tender pathos. Author Rich Brott notes that *ḥayith* is a choice, an act of the human will. It is a deliberate choice to place confidence in God and His Word. Unbelief is a sin because it is a deliberate choice to withhold confidence in God and His Word. Faith is a receiving of the truth, an embracing of the truth, and a commitment to the God of truth! And commitment always produces action. That is why faith without works is dead. With no action there is no commitment. With no commitment there is no faith! Alisa Solomon examines the relationship between gender and performance in a series of essays that consider theatrical texts and productions, from the time of Aristophanes, through to the modern era. Highlighting the geopolitical and economic circumstances that have prompted migration from Hong Kong and mainland China to Canada, *The Transcultural Streams of Chinese Canadian Identities* examines the Chinese Canadian community as a simultaneously transcultural, transnational, and domestic social and cultural formation. Essays in this volume argue that Chinese Canadians, a population that has produced significant cultural imprints on Canadian society, must create and constantly redefine their identities as manifested in social science, literary, and historical spheres. These perpetual negotiations reflect social and cultural ideologies and practices and demonstrate Chinese Canadians' recreations of their self-perception, self-expression, and self-projection in relation to others. Contextualized within larger debates on multicultural society and specific Chinese Canadian cultural experiences, this book considers diverse cultural presentations of literary expression, the “model minority” and the influence of gender and profession on success and failure, the gendered dynamics of migration and the growth of transnational (“astronaut”) families in the 1980s, and inter-ethnic boundary crossing. Taking an innovative approach to the ways in which Chinese Canadians adapt to and construct the Canadian multicultural mosaic, *The Transcultural Streams of Chinese Canadian Identities* explores various patterns of Chinese cultural interchanges in Canada and how they intertwine with the community's sense of disengagement and belonging. During my fourth year of teaching, I had the great privilege of working with an amazing educator by the name of Miss Bezanson. She taught a grade four class to whom I taught Physical Education. Therefore, I had the opportunity to socialize with her on a daily basis. About six months into the school year, Miss Bezanson gave me something that would forever change my teaching techniques and my life, although I did not realize it at that moment. One afternoon, I was in Miss Bezansons class discussing a student who was displaying increasing behavioural problems in my Physical Education class. Sensing that I was experiencing tremendous stress as a result of this student, she gave me something that touched my heart and reinforced an important life lesson. She handed me a small paper card entitled Hug Someone You Love Today. That was it! No preachy sermon or fancy teaching strategies. At that moment, I realized that maybe all that child needed was a simple hug. A sign of affection which he may or may not have been receiving at home. So the next day, I gave him a Hug Someone You Love Today card. From that day forward, I never had another major problem with that student. It was absolutely amazing. In this book, I will share with you some of the heart-felt, true stories that I have accumulated over the years as a result of passing out these Hug Someone You Love Today cards along to those in need. These are stories about normal folks like you and I, whose lives have been positively changed as a result of receiving this simple card. As you read these stories, hopefully you will begin to feel more peaceful and loving yourself.
