Unbelievable! The whole fairy village was in shock and as for the leprechaun community; well they didn't know if they should laugh or cry. But not to worry, as long as love wins through. Still I suppose it did cause a lot of fairies and leprechauns a great deal of excitement and confusion, not to mention something to gossip about. Anyway, read the story and let me know what you think. This is a Fairy story for children aged 5 to 9 years. It reveals some well-kept secrets of life in Fairyland. Fairy Princess Lonneke is a curious and adventuress Fairy Princess, but unfortunately sometimes these very traits seem to get her into trouble. Certainly to her, what seem like good ideas, to others look like naughty behaviour. It is up to the Fairy Queen Desiree to explain to her that rules are in place for very good reasons. What happens when the fairy princess meets with a ogre at the lake? The two is ready to resolve their conflicts. The fairy princess is in a mangedy resolved to cast a spell for me to prosper as of now. Are you ready to see the greatest outcome? This book was inspired by and created for my own little princess. At the age of fifteen months my Alexa was a very social child who loved waving and talking to everyone. Like all parents I wanted to warn her of the dangers of going off with strangers without scaring her. At the time I started reading this book to her she was probably too young to

fully get the significance of the story. However, we will continue to read this book from time to time so we remember to talk to her and all kids about how to be safe if they get lost or approached by strangers. I hope that you enjoyed the book and took the time to write your own phone number in the page as the Fairy Queens tracker, and remember that talking to kids is always the best way to prepare them.
