Have you heard the buzz? Kids book experts Pat

Street and Loreen Leedy worked like dogs (that is, they worked very hard) to pull a rabbit out of a hat (do something amazing) and create this hilarious, comprehensive introduction to similes, metaphors, and idioms. Pairing hilariously literal illustrations—like a duck in scrubs for a quack, or a hen's chicken scratch handwriting—with simple explanations of the expressions, *There's a Frog In My Throat!* introduces more than four hundred common sayings, and puts them into easy-to-understand context. Each page is packed with cartoonish illustrations and intriguing expressions. Readers will be drawn like a moth to a flame to this fascinating book, equal parts reference and entertainment. Perfect for readers starting to study figurative language and use it in their own writings, or for English language learners of all ages, this picture book is the bee's knees—it's terrific! For more expressive, idiomatic sayings, check out Pat Street's *You're Pulling My Leg!*, too—quick as a bunny! An ALA Notable Book A Bank Street Best Children's

Book of the Year This book comprises of quotes by the author to inspire victims and survivors of human trafficking to live beyond their victimization experiences. The author also encourages others to seek strength in their weaknesses to lead a happy life. The author shares stories that trace her route to success as an artist, focusing on her upbringing in rural 1970s Vermont where she learned daily lessons in self-reliance and lacked exposure to basic life skills. Frank wasn't satisfied doing ordinary frog things. He wanted to fly, but he was a frog and frogs can't fly. Follow along as Frank jumps and runs and leaps and dives until he finally finds his place in the pond. The companion book on CD will transport listeners into Frank's world with sound effects and wonderful performances by children and adults. Full color. A reinterpretation of the classic children's folk song "Froggie Went A-Courtin'", in which a frog courts a mouse. The Columbia spotted frog (*Rana luteiventris*) is one of several amphibians

in the Western United States experiencing population declines. The breeding, postbreeding, and overwintering habitat and ecology of this species were investigated in 10 study sites in northeastern Oregon from 1997 through 2004. A variety of habitats with permanent water were used as breeding sites and as postbreeding habitat during the summer. Ice-covered ponds, warm springs, rivers, and seeps in forested habitats were used for overwintering. Diet consisted of a wide variety of mollusks and arthropods with beetles, ants, wasps, and flies composing more than 50 percent. Population size was as high as 135 females at one site, and ratios of males to females ranged from 1.0 to 2.8. The oldest male and female were 9.7 and 8.7 years old, respectively, based on skeletochronology. Males reached sexual maturity at 1 year 9 months after metamorphosis and most females at 2 years 9 months after metamorphosis. One female laid eggs in up to 3 consecutive years. Size (snout-

vent length) was not a good indicator of age in frogs older than 2 years. Long-term monitoring is necessary to determine the effects of a variety of disturbance factors and chytrid fungus that could influence spotted frog populations in northeastern Oregon. "A rebus book about a frog and his home in the pond"--Provided by publisher. Describes the origins, classification, size and shape, colors, enemies, food, reproduction, life-cycle, and habitat of frogs and toads from around the world. The very first picture book to feature the loveable amphibian. Frog is feeling most unwell. He keeps getting hot, then cold, and something inside his chest is going 'thump, thump'. Hare says it means he's in love! But who with? And how can he show his devotion -- perhaps by performing the biggest jump ever? The beloved classic about friendship—a Newbery Honor Book! Frog and Toad are best friends—they do everything together. When Toad admires the flowers in Frog's garden, Frog gives him seeds to grow a

garden of his own. When Toad bakes cookies, Frog helps him eat them. And when both Frog and Toad are scared, they are brave together. School Library Journal called this story collection from Arnold Lobel "a masterpiece of child-styled humor and sensitivity." Winner of the Newbery Honor award, Frog and Toad Together is a Level Two I Can Read book, geared for kids who read on their own but still need a little help. Whether shared at home or in a classroom, the engaging stories, longer sentences, and language play of Level Two books are proven to help kids take their next steps toward reading success. The classic Frog and Toad stories by Arnold Lobel have won numerous awards and honors, including a Newbery Honor, a Caldecott Honor, ALA Notable Children's Book, Fanfare Honor List (Horn Book), School Library Journal Best Children's Book, and Library of Congress Children's Book. Secular Vocal Ensemble Music - Mixed Choir Voicing When Spotted Frog tells of

a great flood that is about to destroy their homes, all of the animals ignore his warnings, except Listener the Otter. Ridiculed by the other animals, Listener heeds Spotted Frog's predictions and begins to build a raft to try and survive the impending disaster. But will his efforts be enough? This charming children's book warns us to listen to the wisdom of nature and the environment. Based on a traditional story from the Creek Indians of northern Florida and Georgia, this book is retold by award-winning author and storyteller Gerald Hausman, and is brought to life by the powerful images of Ramon Shiloh. This universal tale is imbued with Native American wisdom that is even more prescient now, with the conditions of global warming that threaten our world. Rhyming verses tell many of the places you shouldn't put a frog, such as your daddy's shoe, your granny's purse, and the hamster's cage. Two wiggling eyeballs show through die cut holes on each page. In this third book of the magical 'Frog'

adventure series, young teenager Chris Casey is again pulled through time and space into another dimension - to the tropical world of Tropol. But something else has come to this paradise. Something unwanted. Something evil. The darkness that is Lord Maelstrom has taken refuge in the depths of Black Mountain... The first of his abominable creations are sent out to capture and enslave the chameleon people of the forests, to drain them of their colour and turn Tropol into a dead, grey wasteland. He searches for the fabled Tree of Spells, which gives absolute power to the holder. Should it come into his possession, every dimension, every world in time and space shall be truly doomed. A Guardian arrives to help Chris who, now in his guise as the indomitable Frog, meets a new companion: Mystra, a girl with extraordinary powers. Frog's quest is to find the Tree of Spells and take it back into his own world for safekeeping. He has to unravel a series of clues, which takes him on a perilous journey of

encounters with gravity-defying caves, water witches, a swamp of dead souls, the banished Horsemen of Tropol, snow bears and, finally, into the heart of Lord Maelstrom's lair. Can he reach the Tree of Spells first? Will the Magic of the Immortals be enough to save the boy in whose blood flows an unseen and ancient secret? Frog's sense of humour and loyalty is always present, but this time, will his courage desert him, and will Lord Maelstrom finally triumph? This children's book, aimed at those aged 7 and over, will appeal to fans of adventure, time travel and exploring other dimensions. An insightful and humorous account of the author's first year in Norway as a foreigner. From Easter to summer holidays and Christmas, it dives deeply into Norwegian culture, language and people. Features animals, insects, and plants in a bog. By Caldecott Medal winners Alvin Tresselt and Roger Duvoisin, *The Frog in the Well* is the charming tale of a brave frog who beats his fears and explores the world

Once upon a time there was a frog who lived at the bottom of a well. The well was the frog's whole world, until the day the well ran dry and the bugs began to disappear. What was happening to the world, the frog wondered, and what could he do? The hungry frog decided he must hop to the top of the well to see what he could of the end of the world. Conquering his fear, he peered out, and what did he see? Trees, flowers, meadows, marshes, and all kinds of end-of-the-world creatures! Entranced, the little frog ventured forth to find out more about the world outside his own. Based on a classic Chinese fable, and written and illustrated by the Caldecott-winning Alvin Tresselt and Roger Duvoisin, *The Frog in the Well* is a charming tale of one brave frog and his journey into wisdom. A boy and his dog go walking in the swamp. They spot a frog in the water. Can they use a net to catch him? Frog is excited - Hare has promised that today will be a very special day. But when Frog decides to find out why, none of his friends

seem to know. Has Hare been playing a trick on him? No - Frog has forgotten his own birthday! Luckily his friends haven't - they're throwing him a surprise party to celebrate his special day. Launched more than 25 years ago, Mayer's classic wordless tales of a boy and his animal friends are now available in these attractive hardcover editions. Using pictures in place of some words in the text, these delightfully funny books follow a young boy as he romps through the woods, making mischief and new friends along the way. Illustrations. Frog and Toad are always there for each other -- just as best friends should be. From sledding in winter to eating ice cream on hot summer days, these two friends have fun together the whole year round! Describes, in text and photographs, the lives of frogs in their natural habitat explaining how they feed, defend themselves, and breed. When Frog finds a bird lying motionless in the grass, Hare tells him that it is dead and explains what this means. The animals find a quiet burial spot

for the bird who sang so beautifully. In his first collection of poetry, Dennis Jones asks the reader to take a few minutes to listen to poems which have emerged from his 'reptilian soul.' Using poetry, Dennis takes the reader through musings, large and small, exposing his world of recollections filled with solemnity and humor. The poetry is so varied that the reader will wonder what could possibly come next. Dennis shares experiences that tap into the reader's soul, driving reflection and recoil. The variety of his experiences has led to intriguing, sometimes startling, insights into his life and the lives of others. The Frog in the Philodendron includes tributes to others, observations about the impact of others and a "tip of the hat" to those life experiences that make each of us unique. "I too," he writes, "am waiting for the One who has promised to play the music that will guide me home." The hit book about a willful young frog with a serious identity crisis and his heard-it-all-before father is now available in paperback.

Perfect for fans of Mo Willems's *Don't Let the Pigeon Drive the Bus!* and Jon Klassen's *I Want My Hat Back!* Frog wants to be anything but a slimy, wet frog. A cat, perhaps. Or a rabbit. An owl? But when a hungry wolf arrives—a wolf who HATES eating frogs—our hero decides that being himself isn't so bad after all. In this very silly story with a sly message, told in hilarious dialogue between a feisty young frog and his heard-it-all-before father, young readers will identify with little Frog's desire to be something different, while laughing along at his stubborn yet endearing schemes to prove himself right. And look for the hilarious sequels—I Don't Want to Be Big, *There's Nothing to Do!*, and *I Don't Want to Go to Sleep*. □ "First-time author Petty's dialogue between a frog father and his son makes its point about accepting one's nature with a big grin. . . . The story might create similar gratitude in the minds of readers—or it might just make them giggle."—Publishers Weekly, STARRED REVIEW "A lively look at self-

acceptance."—Kirkus "This amusing story ends with a laugh and a much more content frog."—School Library Journal "Silliness and deadpan humor combine into a hopping good story of being happy with who you are."—Booklist "A paean to self-acceptance wrapped in snappy dialogue and illustrated with richly colored comic paintings."—Wall Street Journal "Petty and Boldt provide just enough predictability to hook youngest readers, then deliver a delightful twist or two to create surprise and satisfaction—for both the green hero and the many fans he'll make with this book."—Shelf Awareness "This lighthearted exploration of identity will delight as a readaloud."—The Bulletin of the Center for Children's Books *Frog in the Well* is a vivid and revealing account of Watanabe Kazan, one of the most important intellectuals of the late Tokugawa period. From his impoverished upbringing to his tragic suicide in exile, Kazan's life and work reflected a turbulent period in

Japan's history. He was a famous artist, a Confucian scholar, a student of Western culture, a samurai, and a critic of the shogunate who, nevertheless, felt compelled to kill himself for fear that he had caused his lord anxiety. During this period, a typical Japanese scholar or artist refused to acknowledge the outside world, much like a "frog in the well that knows nothing of the ocean," but Kazan actively sought out Western learning. He appreciated European civilization and bought every scrap of European art that was available in Japan. He became a painter to help his family out of poverty and, by employing the artistic techniques of the West, achieved great success with his realistic and stylistically advanced portraits. Although he remained a nationalist committed to the old ways, Kazan called on the shogunate to learn from the West or risk disaster. He strove to improve the agricultural and economic conditions of his province and reinforce its defenses, but his criticisms and warnings about possible coastal

invasions ultimately led to his arrest and exile. *Frog in the Well* is the first full-length biography of Kazan in English, and, in telling his life's story, renowned scholar Donald Keene paints a fascinating portrait of the social and intellectual milieus of the late Tokugawa period. Richly illustrated with Kazan's paintings, *Frog in the Well* illuminates a life that is emblematic of the cultural crises affecting Japan in the years before revolution. 56 short stories for children and other deep thinkers! These stories were written by Robin And The Giant (also known as Robin MacBlane and Larry Whitler) for their children's radio program. *Francene the Frog and her friends in the Outback* is the life-story of a special little frog in outback Western Australia. We join Francene, a female of the burrowing Shoemaker Frog species ( *Neobatrachus sutor*), on her difficult and dangerous journey from tadpole to frog and learn about a variety of small native animal species she meets on the way - some of whom become her close friends. This

warm, engaging and informative storybook is designed to introduce readers to the fascinating world of our lesser-known wildlife, and the harsh realities of life they must cope with daily. A fascinating mix of fact and fantasy, illustrated and carefully combined in an innovative storybook fashion. Francene's richly illustrated story is suitable for children of all ages. There's a frog on the log in the middle of the bog. A small, green frog on a half-sunk log in the middle of the bog ... When a rat comes to live at the edge of their wood, the animals decide they don't like having a stranger in their midst. But Frog is friendly by nature, and decides to find out if Rat is really as unpleasant as he is made out to be. As Frog discovers, Rat is intelligent and good-hearted, and proves in a series of unexpected emergencies that the other animals have been too quick to condemn him. Crawfish Frogs (*Rana areolata*) have been called the most secretive frog in North America, and it is unusual in the twenty-first century - in the most

scientifically advanced country in the world - that basic discoveries can still be made on an animal that inhabits a quarter of the United States. This is not only a story of the biology of Crawfish Frogs, but a case study of discovery. This volume describes the life history and natural history critical to the survival of the endangered amphibian and recommends management actions to ensure persistence. The authors tell an optimistic conservation biology story and fill a gap between science and the public. The authors have compiled and summarized the peer-reviewed literature on the biology of Crawfish Frogs, which may be one of the most interesting frogs in North America (that nobody knows about). Key Features Recounts the story of an imperiled species and how to go about saving it Vividly brings science to life and makes it accessible Provides a popular account of natural history research and ecological fieldwork Related Titles D. The murder of a local author has an amateur sleuth and her con artist ex-husband on the case in this mystery by the author of *Last Will and Testament*. Virginia's trouble is that whenever something awful happens, it is far too easy to imagine that her ex-husband, Felix—that lying, light-fingered charmer—is behind it somehow. So her suspicions are understandably raised when he unexpectedly shows up on her weekend getaway with the Boscotts, just as her friend's engagement party is ruined by the murder of a local author. Luckily for Virginia—not to mention

the Boscotts—Felix's talent for lying makes him an expert in sniffing out other people's deceit. Now they must investigate who would want to kill a kindly writer of historical fiction. But can they truly trust Felix, or will past prove to be prologue yet again? (Resource). This well-loved story is now projectable as a digital storybook via your computer's video player. Open the file, push play and watch! Audio plays while pages turn automatically. Plus! Includes optional Smart Notebook and Promethean Flipchart files with step-by-step interactive lessons from the "Beyond the Books" teacher's guide. Freddie and Eli cheer students along as digital flashcards, songs and games lead them sequentially through note name fun on Treble Clef Island! Download the free viewer software and instruct from your computer. Instructions and website links enclosed. No CD-Rom drive?

Optional DIGITAL ACCESS AVAILABLE for direct download to your computer. Frog is taken by surprise when winter comes. He doesn't understand why everything is covered with white and he skids and slips on the icy pond. He is too cold to take part in any of the joyous fun that Duck is having skating or that Hare is having throwing snowballs. The animals band together to equip Frog for enjoying winter, and later they share in his rejoicing when spring arrives. 'Frog is an inspired creation - a masterpiece of graphic simplicity.' - Guardian

Frog in the Well is a vivid and revealing account of Watanabe Kazan, one of the most important intellectuals of the late Tokugawa period. From his impoverished upbringing to his tragic suicide in exile, Kazan's life and work reflected a turbulent period in Japan's history. He was a famous artist, a Confucian scholar, a student of Western culture, a samurai, and a critic of the shogunate who, nevertheless, felt compelled to kill himself for fear that he had caused his lord

anxiety. During this period, a typical Japanese scholar or artist refused to acknowledge the outside world, much like a "frog in the well that knows nothing of the ocean," but Kazan actively sought out Western learning. He appreciated European civilization and bought every scrap of European art that was available in Japan. He became a painter to help his family out of poverty and, by employing the artistic techniques of the West, achieved great success with his realistic and stylistically advanced portraits. Although he remained a nationalist committed to the old ways, Kazan called on the shogunate to learn from the West or risk disaster. He strove to improve the agricultural and economic conditions of his province and reinforce its defenses, but his criticisms and warnings about possible coastal invasions ultimately led to his arrest and exile. Frog in the Well is the first full-length biography of Kazan in English, and, in telling his life's story, renowned scholar Donald Keene paints a fascinating
