This is a register of the characters in the fiction of Charles Dickens – a catalogue of the men, women and children who people his stories. Perhaps the first attempt this century, Dickens Study Guide brings together the works of Charles Dickens in such a way that the reader can find out in a moment how Little Em'ly lost her virtue and what happened to Bill Sikes or the Artful Dodger. Dealing with over 200 characters across all fifteen novels and three short works, the book contains

a key, register and concise accounts of each man, woman and child, who they are and how they influence the plot. Providing descriptions used by Dickens himself and without fussy 'literary' interpretation, this is intended as a practical work of reference. Finishing off with a quiz that puzzle-setters and crossword enthusiasts will love, Dickens Study Guide is the ideal companion for students and indeed any lover of Dickens who wants to look up quickly why Peggotty laughed when told that "Barkis is willin'..." This Study Guide accompanies Statistics for Business and Financial Economics, 3rd Ed. (Springer, 2013), which is the most definitive Business Statistics book to use Finance, Economics, and Accounting data throughout the entire book. The Study Guide contains unique chapter reviews for each chapter in the textbook, formulas, examples and additional exercises to enhance topics and their application. Solutions are included so students can evaluate their own understanding of the material. With more real-life data sets than the other books on the market, this study guide and the textbook that it accompanies, give readers all the tools they need to learn material in class and on their own. It is immediately applicable to facing uncertainty and the science of good decision making in financial analysis, econometrics, auditing, production and operations, and marketing research. Data that is analyzed may be collected by companies in the course of their business or by governmental agencies. Students in business degree programs will find this material particularly useful to their other courses and future work. Questions & Answers With Rick Renner People write Rick all the time with heartfelt questions about life. In this five-part series, he takes a wide variety of those questions and carefully answers them. There are too many questions to list here, so the following are just a few that he covers: Who was possibly the first drunk in the Bible? Why did Nimrod build the Tower of Babel? How old was Jesus when the Magi arrived? Who was the most famous moon-worshiper? Who had the most dysfunctional marriage in the Old Testament? Was Balaam a prophet or a witch? Who were the Nephilim and giants in the Old Testament? Does the New Testament ever speak about monsters? And what did Jesus say about ghosts? What was Paul's thorn in the flesh? This is just a taste of this series that will answer so many of your questions and even questions you perhaps didn't know to ask! More Questions & Answers With Rick Renner Most of us have questions about God, the Bible, and life that we wonder about and keep on the "back burner" of our hearts and minds. Rick Renner has taught a Q & A series in the past, but in this brand-new five-part series, he tackles more questions that have been sent to him by people around the world. In his typical direct style backed by solid teaching from the Bible, Rick answers such questions as: Are we in pre-Tribulation times right now, or are we actually in the Tribulation? What is the "falling away" in Second Thessalonians 2:3? Does the Bible make any references to UFOs? What is the Judgment Seat of Christ? Is there any such thing as a generational curse? Can people be translated by the Spirit from one location to another? And more! In this series, Rick answers six questions about the end times; seven questions about faith and Bible doctrine; six questions relating to supernatural manifestations; four questions about prayer; and five questions about miscellaneous topics, such as hell and whether believers should consume alcohol. This series is chock-full of intelligent answers based on God's Word. Maybe you'll find the answer to one of your questions! This book is meticulously designed for the busy student, trainee, or seasoned physician looking to enhance or refresh skills in infectious diseases. It is intended to provide a solid resource for students and physicians in need of a concise yet comprehensive background of the material. Quick Review boxes throughout the chapters and Stop and Review sections at the end of the chapters test reader comprehension of the material. Chapters 1-8 comprise a Preparatory section to provide the foundation for the case presentations in the second section. Ten case studies present real-life clinical situations enabling the reader to make decisions based on information in the Preparatory section. Consistent organization of case studies include Objective, Skills to Master, Rhythms to Master, Medications to Master, Related Text Chapters, Questions, Answers, Essential Actions, and Unacceptable Actions to aide in the study and mastery of material. Unique treatment algorithms - totally revised to reflect the 2005 emergency cardiac care guidelines - simplify the new treatment guidelines, making them easier to use and remember. Chapter on Stroke has now been expanded to include Special Resuscitation Situations. ACLS Pearl boxes contain key points and useful tips for clinical practice. Keeping it Simple boxes contain essential information in a clear and concise manner. A heart rate ruler is included to help determine heart rate while practicing ECG recognition. A 4 x 6 pocket-size quick-reference card with key ACLS algorithms is included for field-use. Vascular Access and Medications combined into one chapter to present venous circulation information with all relevant common medications used during a cardiac-related emergency.
