"In the course of his study of vengeance as a moral concept, French exposes important distinctions between types of moral theories (karmic and non-karmic) and between people who are morally handicapped and those who are morally challenged. He examines concepts relevant to vengeance, such as honor, moral authority, and evil, and issues such as the rationality of revenge and proportionality in punishment."--BOOK JACKET. Lucky Santangelo is back with a vengeance - in a novel full of power, passion, revenge, and the raging family dynamics of the Santangelo clan - and, as always, Lucky comes out on top! In Goddess of Vengeance Lucky Santangelo rules with her high profile casino and hotel complex - The Keys in Vegas. Lennie, her ex-movie star husband is still writing and directing successful independent movies, while Max, her wild and gorgeous teenage daughter is about to celebrate her 18th birthday, and her son, Bobby, owns a string of hot clubs. Lucky has everything. Family. Love. Life. And everything is exactly what billionaire businessman Armand Jordan is determined to take from her one way or the other. The Darcy Farthing cruise adventure continues with Currents of Vengeance, a visually and emotionally rich story of personal greed and desperation set on an exquisite state-of-the-art luxury cruise ship and in beautifully historic South American seaports. Plots and subplots abound in a delicious blend of fiction and fact, brought to life with vivid descriptions and compelling characters. This is a thoroughly enjoyable and exciting can't-put-it-down novel that explores the timely and all-too-real issues of crime, terrorism, and legal justice in international waters. In this sequel to Currents Deep and Deadly, Darcy Farthing is home in Colorado adjusting to the press coverage of their ill-fated South American cruise and the success of her budding writing career. She is juggling her work at Schriden Pharmaceuticals with trying to understand boy friend Mick Claytons mysterious depression and anxiety, which apparently relate to the life-threatening wound he suffered on the cruise. Darcy wonders what happened to their romance, which blossomed a year ago on the Sea Nymph, but now seems to have fizzled. To make matters worse, her new daughter, Rachael, is encouraging Darcys unexpected attraction to her successful and wealthy travel industry executive ex-husband, Brooks Larkin. In a surprising turn of events, one year after their horrific cruise adventure, Darcy and Rachael agree to accompany Mick and now unemployed Tom Smythe, once the chief of security on the Sea Nymph, on a second cruise around South America. This time, Mick and Tom have teamed up to conduct a joint GAO/FBI Congressional investigation of the serious issue of un-prosecuted crimes committed on cruise ships. They plan to use the project as a means to find evidence linking Paul Denezza, a ruthless Las Vegas casino owner, to the violence on previous cruise. Paul has so far eluded prosecution for an alleged murder-for-hire plot aimed at his wife, Sidney. Instead of the relaxing vacation Darcy expects, she and her travel companions encounter more violence and madness when currents remaining from the first cruise rise to the surface threatening to pull them under. They soon realize that once again, the World of Seas Cruise Line cannot protect them when crimes on and off the ship become much too personal. Before this voyage is over, Mick's emotional crisis nearly ends his life. Tom faces a bizarre attacker with an even more bizarre biological weapon, and young Rachael experiences tragic violence that changes her life forever. A series of dangerous encounters reveals a quirky cast of psychologically flawed passengers who are intent on seeking revenge against Darcy, her travel companions, and the cruise line. The story races along with the ship to one twist and surprise after another. To the horrified astonishment of a team of hunters, it emerges that the attacks are not random: the tiger is engaged in a vendetta. Injured and starving, it must be found before it strikes again, and the story becomes a battle for survival between two main characters: Yuri Trush, the lead tracker, and the tiger itself. Culminating in a showdown deep in the Siberian forest, The Tiger is a haunting, spellbinding tale of a hunt to the death; of man and nature in collision; of the ancient relationship between predators and prey; and an intimate portrait of a remarkable animal and its increasingly threatened world. In the Russian winter of 1878 a shy, aristocratic young woman named Vera Zasulich walked into the office of the governor of St. Petersburg, pulled a revolver from underneath her shawl, and shot General Fedor Trepov point blank. "Revenge!", she cried, for the governor's brutal treatment of a political prisoner. Her trial for murder later that year became Russia's "trial of the century," closely followed by people all across Europe and America. On the day of the trial, huge crowds packed the courtroom. The cream of Russian society, attired in the finery of the day, arrived to witness the theatrical testimony and deliberations in the case of the young angel of vengeance. After the trial, Vera became a celebrated martyr for all social classes in Russia and became the public face of a burgeoning revolutionary fervor. Dostoyevsky (who attended the trial), Turgenev, Engels, and even Oscar Wilde all wrote about her extraordinary case. Her astonishing acquittal was celebrated across Europe, crowds filled the streets and the decision marked the changing face of Russia. After fleeing to Switzerland, Vera Zasulich became Russia's most famous "terroristka," inspiring a whole generation of Russian and European revolutionaries to embrace violence and martyrdom. Her influence led to a series of acts that collectively became part of "the age of assassinations." In the now-forgotten story of Russia's most notorious terrorist, Ana Siljak captures Vera's extraordinary life story--from privileged child of nobility to revolutionary conspirator, from assassin to martyr to socialist icon and saint-- while colorfully evoking the drama of one of the world's most closely watched trials and a Russia where political celebrities held sway. Seminar paper from the year 2017 in the subject Film Science, grade: 3,0, Pädagogische Hochschule Vorarlberg, language: English, abstract: "The Revenant", directed by Alejandro G. Inárritu, indicates some essential features of the individualist movement. In this research paper, the focus will be selected upon the perception of justice and vengeance based on the perspectives of the characters and the environmental tribune of the film setting. By involving the above-mentioned aspects, the main objective is to provide a meaningful portrait of "The Revenant" which especially emphasizes its relatability. By adding some philosophically and psychologically relevant background information, the global structure will be strengthened. Furthermore, the involvement of those elements essentially support to prove whether the perception of vengeance and justice shift by the end of the movie. The movie also features some philosophical declarations concerning the embodiment and expression of certain structures. It not only underlines the importance of family, but also shows some key characteristics of modern society. From the perspective of John Fitzgerald, the antagonist in the film, the attitude toward justice varies essentially from the perspective of Hugh Glass, who primarily plays the role of a sociable, patient and mentally strong character. As Fitzgerald, very well, represents the norms within our capitalist system, his perception of justice shows a key difference compared with the protagonist. As the movie especially underlines philosophical statements concerning justice and revenge shown by a broad range of different actions, gestures, intonation varieties, visual signs and other forms of expression – "The Revenant" not only represents a fascinating piece of film, but also provides a unique way of expressing individualism through various means. Original. In May, 1921, Joseph Rini and five other men of Italian descent drove from New Orleans to Independence, Louisiana, in a stolen car to attempt the late-night robbery of an Independence bank. During the confused events of that night, a local businessman was shot by an unknown assailant, and the six men were shortly thereafter captured and charged with murder, largely on the basis of circumstantial evidence. They were found guilty. When this verdict was appealed and the state supreme court reversed it on a technicality, a second trial in May, 1922, ended with an identical decision and sentence. A series of fruitless appeals followed, and on May 9, 1924, the prisoners were hanged in Amite City—the nation's only execution of six men for the murder of one. Using court transcripts, newspaper accounts, and interviews, John Baiamonte recounts the dramatic and often moving story of these six men and their trial, which in its day was to become a national and international cause célèbre. He explores the social prejudices of the day, particularly the popular assumption that any criminal activity involving Italians was part of a plot by the Mafia. Fear of Italian gagsters, especially from a tightly organized Mafia, had been rampant in southern Louisiana since the 1890s, as was prejudice against the hardworking law-abiding Sicilian immigrants who had settled in large numbers in Tangipahoa Parish, where these events took place. "Bloody Tangipahoa" had long been notorious for violence, particularly against minorities. Moreover, the parish judicial system at that time, the trial judge, and the state Board of Pardons, which reviewed the Italians' appeal, were thought to be involved with the Ku Klux Klan. Even the governor, John M. Parker, was one of the leaders of a mob that murdered eleven Italians suspected of Maria affiliation in New Orleans in 1891. Baiamonte also examines the mood of the courtroom, the pressures put upon the lawyers, the jury, and the witnesses to convict the six—despite the fact that the prosecution's only witness to the shooting failed to identify any of the defendants and no witness could place the defendants closer than three miles from Independence on the night of the murder. Everyone became a participant in the courtroom, even the spectators. They applauded when new evidence against the defendants was introduced. In cameos of each of the convicted men, Baiamonte describes moods and actions. Joseph Bocchio, one of the condemned, read Shakespeare and wrote poems, which were published in the local paper. Spirit of Vengeance affords an intriguing view of a tumultuous period in Louisiana history, and the six men whose vain struggle to survive brought them international attention.
