Excerpt from Motor Truck Manual: A Practical Book of Instruction on the Construction and Care of Motor Trucks I first introduced they attracted very little public attention, and by many were considered as impossibilities. However, time has proven that the commercial vehicle has by far exceeded the fondest hopes of its loyal supporters of the early days, and today the motor truck industry is progressing rapidly. In a few years the production of trucks will exceed that of passenger vehicles, for the commercial vehicle is a paying proposition to any business, regardless of its nature.
